Comments: A strong class with varying fruit flavours & styles. A few wines were too advanced & some had phenolics which had not been handled well. Some wines with high acidity did not have the fruit intensity or touch of residual sweetness to balance them.

CLASS 46 Pinot Noir 2009 2009 VINTAGE DRY RED

Comments: A very strong class. A pleasure to judge. A great variety of PN styles. Elegant styles, whole bunch styles overly, well oaked wines, use of barrel ferment & fruity wines. Better wines had prolonged balance, fruit sweet & prolonged length & a light but definite tannin. Some wines were dry reds lacking varietal definition, perhaps reflecting very ripe picking.

CLASS 47 Merlot 2009 2009 VINTAGE DRY RED

Comments: The silver winner shows the suppleness & balance required. Otherwise a disappointing class with too many green tannic wines without the plump middle palate, generosity & balance we look for.

CLASS 53 Shiraz - 2008 vintage 2008 VINTAGE AND OLDER DRY RED

Comments: Many overripe dry and hot wines that show excessive volatility & dead fruit. The heatwave experienced in several regions is apparent in the 08 Shiraz. Gold medal wines are fresh with good varietal definition.

CLASS 56 Pinot Noir 2008 and older 2008 VINTAGE AND OLDER DRY RED

Comments: Top gold varietal character, weight & structure. Many well made & well structured wines that lack the "extra" middle palate fruit sweetness/velvetiness that elevates them to higher awards.

CLASS 57 Merlot 2008 and older 2008 VINTAGE AND OLDER DRY RED

Comments: A poor class. Too many wines were green & bitter, suggesting problems with vine balance and/or clones. The medal winners shared a better attempt at ripe fruit and tannin balance.

CLASS 59 Australian Classic Blend - to be a blend of Cabernet Sauvignon and Shiraz (blend composition by variety and percentage must be fully specified). 2008 VINTAGE AND OLDER DRY RED

Comments: The wines showed considerable density but the best also had balance. A pleasing absence major faults, although a few wines were aldehydic. Over ripeness was a frequent issue.
